<b>Topic</b>	<b>Discussion</b>	<b>Resolution</b>	<b>Person Responsible/ Time Frame</b>
<b>Meeting Date Discussion</b>	Either the first or fourth Tuesday of the month. The second and third Tuesdays are not going to work.	Follow up with Andrea LaGatta and Cassandra to see if the first Tuesday of the month will work for their schedule.	Bianca
<b>Annual Breakfast</b>	<p>Bianca delivered what the staff came up with for the theme – showcase the agency as a whole in the three service areas. Create a 15 min. video that mimicked an old projector movie then worked its way into an up-to-date film. The video would be of images starting from the baby and then finish with adult/senior. It would show the life through CFLR and how Prevention, counseling and family recovery helps an individual.</p> <p>Committee felt the idea was nice but unrealistic when it came to time and development of the video. Keep the breakfast simple focused on recovery – how has recovery evolved? Make the audience feel moved. Have a short video to show the difficulties of staying in</p>	Take the committees idea back to CFLR staff and finalize. Get the ask out there asap. Start putting the breakfast into motion.	Bianca
